

Personal Information Protection Group Basic Policy

* This is an English translation of Corporate Governance Report prepared in Japanese for the purpose of referential use.

Concerning the Protection of Personal Information (SKY Perfect JSAT Group)

The SKY Perfect JSAT Group recognizes that it has an extremely important obligation with respect to the protection of personal information, and shall enact as follows below basic policies relating to the protection of personal information in order to discharge this critical obligation and together with this shall construct a personal information protection management system and seek that all officers and employees and persons concerned of the SKY Perfect JSAT Group thoroughly adhere to these policies.

Personal Information Protection Group Basic Policy

1 The SKY Perfect JSAT Group shall follow with laws, ordinances and rules (such as guidelines), contracts, and related regulations, etc. and promote proper use and management relating to the protection of personal information.

2 When acquiring personal information, the SKY Perfect JSAT Group shall give prior notice thereof as a general principle, the scope of the purpose of use (purpose of acquisition), limits on joint use/provision and a point of contract for dealing with complaints/answering inquiries (established at each group company) etc., (including also public notice on the company's homepage).

3 Each company of the SKY Perfect JSAT Group shall appoint a person to be in charge of the management of personal information protection, and educate the officers and employees of the Group and related staff, including outsources, so as to protect personal information thoroughly.

4 With respect to managing personal information, each company of the SKY Perfect JSAT Group shall take reasonable measures to prevent use for purposes other than specified ones, unauthorized access, loss, destruction, falsification, leakage, etc. and shall appropriately implement corrective and preventive measures. The SKY Perfect JSAT Group shall appropriately supervise subcontractors who treat information asset by standards which the Group established.

5 The SKY Perfect JSAT Group shall conduct internal audit regarding personal information protection on a regular basis, check whether employees abide by related laws, rules (such as guidelines), contracts, and related regulations, etc., correct them, and improve the effectiveness and reliability of our system through preventive and corrective measures, etc.

6 The SKY Perfect JSAT Group shall keep improving our personal information protection management system, while considering the changes in the external environment, including information technology and social trend, and the internal environment, including organizational reform.

7 If any employee violates related laws, rules (such as guidelines), contracts, and related regulations, etc., the SKY Perfect JSAT Group shall cope with it by penalizing said employee in accordance with our employment regulations.
